

WORLD OF RADIO #1113, produced January 9, 2002 by Glenn Hauser

- *Our UT Sat 0300 broadcast on WWCN 3210 replaced by other programming but still a semidozen times on WWCN; and many other stations. Latest schedule at <http://www.worldofradio.com/radioskd.html>
- *Site for SW Radio Africa, clandestine to Zimbabwe, confirmed as South Africa, per British radio and TV; see DXLD 2-006
- *SW Radio Africa blocked in Australia by V. of Russia
- *RTNC, Kinshasa, Congo DR, new relay schedule via Africa Number One, Gabon
- *V. of Nigeria on 19m takes long break in afternoon, contrary to continuous schedule
- *WORTH 2002 Africa section still outdated; but see comprehensive sub-Saharan guide at <http://www.bdx.org.uk>
- *La Voix du Sahel, Niger, as heard only on 31m band
- *But other stations vary around frequency, such as V. of the Arabs, Egypt [and Ethiopia]
- *Burkina Faso's new 5 MHz frequency lasted only one day, but just heard again briefly
- *Libya has been tone-testing four SW transmitters for a decade; but now showing on many new frequencies with some programming
- *Target lists for Somalia and Kurdistan pages just updated at <http://www.clandestineradio.com/martin/crw/crw-som.html>
<http://www.clandestineradio.com/martin/crw/crw-kurd.html>
- *New head of IBA, Israel wants to drop many languages, and English in the evening; fought by director of Israel Radio International
- *`KRSI` [Radio Seday-e Iran], clandestine confirmed via Issoudun-E site in France, not Moldova as reported; now on two frequencies
- *Besides DXLD, keep up with events in Afghanistan via Media Network dossiers, <http://www.medianetwork.nl> which recently added links to exile webcasters
- *US AID distributing 30,000 Hong Kong 12-band radios to Afghans
- *Local station in Farah Province, western Afghanistan, back on MW
- *R. Afghanistan resumes using pre-Taliban flute interval signal; listen via <http://www.intervalsignals.com>
- *YA5T operation has been a pirate, not Afghanistan, since December 4
- *Krasnoyarsk puts a 3rd harmonic on 15 MHz band
- *R. Yugoslavia in dispute with federal government as well as Bosnian Serbs, over funding. Claims Bijeljina equipment damaged by freezing
- *The midpoint of WOR 1113; wghauser@hotmail.com or P O Box 1684, Enid, OK, 73702 USA; check both our websites frequently
<http://www.angelfire.com/ok/worldofradio/> and
<http://www.worldofradio.com> where we continue expanding, especially our Calendar page of worthwhile monitoring, now including a revived Shows We Like; and besides text postings of each DXLD, also html in a growing single file for ease of searching, via
<http://www.worldofradio.com/dxldtd02.html>
- *Many thanks this week for financial support go to: Jim Wishner

- *Thanks to Bill Westenhaver for a 2 kilolira note portraying Marconi
- *Dario Monferini offers to supply them as souvenirs for nominal charge; details in DXLD 2-007
- *Pressure is growing to move HQ of RFE/RL out of downtown Prague; but RFE/RL head Thomas Dine resists this as a capitulation to terrorists; reports on this in recent DXLDs 2-006 and 2-007
- *The Roma in Europe get a weekly broadcast in their own language, via Deutsche Welle
- *Norway's SW arrangement is a silly thing, still costly with abrupt timer-run operation
- *Irish funeral service heard in Tennessee on 27 MHz
- *Midwinter best time to hear CFVP Calgary; reported on shifted frequency
- *Mother Angelica of WENR still under intensive care, but upgraded from serious to fair condition; besides stroke, broke elbow and arm see <http://www.ewtn.org>
- *Seldom Heard Radio has new series from Jan 20 on WRMI, 'Drive-In Double Feature'; see DXLD 2-005
- *WWFV appears to have been supplanted by WWRB, tho former's website <http://www.wwfv.net> still exists
- *Tremendous opposition to rumors that WSM 650 Nashville would drop country for sports talk. Listen while you can to Grand Ole Opry and others, also via <http://www.wsmonline.com>
- *Special MW DX test from public radio station in Rhode Island, WRNI, 1290, early January 20
- *Pacifica BOD ordered Democracy Now reinstated, but WBAI dragged its feet; also on RFPI for one hour M-F 1600, 2200, 0400, [1000]
- *Boyer's aero station in Habana communicates with Cubana, Aeromexico flights on 13 MHz frequency
- *F2 TVDX from Trinidad and Venezuela did reach channel 2 audio, recorded by Curtis Sadowski in Illinois
- *Argentine MW harmonic tentatively, on 120m band, heard in Vermont
- *LRA-36 Antarctica about to do usual staff rotation, and may be off a few days, but not closing permanently
- *Russian ham active from South Pole Station, R1ANM
- *R. Australia's Lingua Franca this week about Antarctic Dictionary
- *Ray Moore in Florida has heard VOA Thailand MW megawatt again, and an unID 100 kHz lower can only be Sabah
- *AIR Kolkata shifts 10 kHz on 7 MHz band
- *Blue Sky, Mongolian station heard with Russian program on 60m
- *Georgia's 60m band transmitters as monitored in Bulgaria
- *Propagation outlook from Boulder, January 8; flux range 190-250-190
- *Glenn Hauser, here, concluding World of Radio 1113 ###
